## Features

GRIDMAT is the most advanced, cost effective portable flooring system available today. Lightweight, hard wearing and easy to install - Gridmat is the ultimate cost effective portable flooring solution.

The applications for GRIDMAT are virtually endless. Currently a top selling product in the USA and Australia - GRIDMAT is used in the following industries:

- Marquee hire
- Stadium protection
- Machine shops
- Food Processing Factories
- Trade Fairs of Promotional Events
- Outdoor events
- Processing plants
- Construction sites
- Assembly Plants
- Motorsport

GRIDMAT is widely used for shows and display areas. Due to it's unique design power cables can safely travel under the flooring so machinery can be placed anywhere without the restriction of power point accessibility.

Open style GRIDMAT can also be used as a semi-permanent surface on grass as it allows growth through the holes in the surface. The grass can even be mown!

GRIDMAT is a patented injection moulded product manufactured from superior quality, high impact, UV stabilised polypropylene. GRIDMAT is extremely strong - a 2 tonne vehicle can be driven over it with ease.

GRIDMAT is a patented product available in two versions - 'Open' and 'Closed'. Edging is available to provide a gentle slope up to the flooring level.

## Specifications

Color: Black, Grey, Natural, White, Terracotta, Green, Blue, Red

GRIDMAT can be produced in any color to suit your needs (minimums will apply).

### Packaging & Dimensions:

GRIDMAT is a modular tile system, each tile measuring 15 3/4 x 5 1/4 x 3/4" - 16 tiles per square yards (400mm x 133mm x 20mm - 18 tiles per square meter). GRIDMAT can be assembled into multi-size sections for ease of installation.

Tile size: 15 3/4 x 5 1/4 x 3/4" (400mm x 133mm x h20mm)

Tiles per yd<sup>2</sup> (m<sup>2</sup>): 16 (18)

Open version: 4.6 oz (131g)

Closed tile: 6.4 oz (181g)

Normal temperature range: -4°F to + 149°F (-20°C to +65°C)

Special Order temperature range: -40°F to + 302°F (-40°C to +150°C)

Carton dimensions: (420 x 585 x 430mm) - 80 tiles per carton

Pallet (1110 x 1230mm) - assembled in mats of 5x3

Tiles per pallet: 1,200 pcs

Qty per 20ft container: 24,000 pcs
